Web Based Enterprise CertifiTrac+[®] Version

The CertifiTrac+[®] Enterprise Product contains many features designed for large corporations and government entities operating a decentralized risk management program with many users processing a large volume of certificates of insurance at different locations.

The following screen shots offer a more detailed view of this web-based software version.

Set Up - Users

- From this screen, you can easily add, edit, and/or delete the names of all your licensed users.
- Passwords can be changed by each user by checking the Change Password box.
- Program administrators will be able to assign permissions to the user.

The screenshot displays the 'Users' management interface for CertiTrac+. The interface includes a sidebar with navigation options: 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main content area is titled 'Users' and 'Select User'. It features a 'Matching' dropdown menu, a 'User Name' input field, a 'Change Password' checkbox, 'Password' and 'Confirm Password' input fields, a 'Department' dropdown menu, and a 'Permission Level' section with radio buttons for 'Read Only', 'Department User', and 'Administrator'. At the bottom, there are 'Add', 'Save', and 'Delete' buttons. The top right corner shows the version 'W11.3' and date '04/20/06'.

Set Up - Producers

- From this screen you can quickly add, edit, and/or delete Producer information.
- Producers entered here are available to assign to certificate records from a drop list in Certificate Tracking.

The screenshot shows the 'Producers' setup screen in the CERTITRAC+ application. The interface includes a navigation menu on the left with options: Set Up, Scan, Certificate Tracking, Communication, and Reports. The main content area is titled 'Producers' and features a 'Matching' input field with a 'Display' button. Below this is a 'Select Producer' dropdown menu. The form contains several input fields for 'Company', 'Address 1', 'Address 2', 'City', 'State', 'Zip', 'Phone', 'Fax', and 'Contact'. At the bottom of the form are three buttons: 'Add', 'Save', and 'Delete'. The top right corner of the application window displays 'Version: W11.3 04/20/06'.

Set Up – Insurance Companies

The screenshot shows the 'Insurance Companies' setup screen in the CERTITRAC+ application. The interface includes a left-hand navigation menu with options: Set Up, Scan, Certificate Tracking, Communication, and Reports. The main content area is titled 'Insurance Companies' and contains the following fields and controls:

- AMBest Requirements: A dropdown menu set to 'A+' and a text input field containing '14', with a 'Save' button to the right.
- Matching: A dropdown menu and a 'Display' button.
- Select Insurance Company: A dropdown menu.
- Name: A text input field.
- Address: A text input field.
- City, State, Zip: Three separate text input fields.
- Best Rate: A text input field.
- Buttons: 'Add', 'Save', and 'Delete' buttons at the bottom.

Version: W11.3
04/20/06

- From this screen you can add, edit and/or delete insurance company information.
- Enter AMBest carrier ratings for each Insurance Company.
- Insurance company names can be associated with a certificate from a drop list in the certificate entry screen, which you will see later.

Set Up – Risk Profiles

- A Risk Profile allows you to require different limits for different groups of Insureds.
- On this screen you can easily add, edit, and/or delete Risk Profiles.
- You can add any notes that you want to display when this Risk Profile is associated with an insured in Certificate Tracking.
- After you have named the Risk Profile and given it a Req. No. you want to set up the actual limits. Click on the limits button.

The screenshot shows the CERTI TRAC+ web interface. The top left corner displays the logo and 'By DataTracPlus, LLC'. The top right corner shows 'Version: W11.3' and '04/20/06'. A left-hand navigation menu contains buttons for 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main content area is titled 'Risk Profiles' and 'Select Risk Profile'. It features a 'Matching' dropdown menu, two input fields for 'Risk Prof. ID' and 'Risk Prof. Name', and a 'Limits' button. Below these fields is a 'Notes' text area. At the bottom of the form are three buttons: 'Add', 'Save', and 'Delete'.

Add Save Delete

- This screen can be tailored to your company structure to display departments, locations, sales offices, properties, etc.
- Entities entered here are associated with certificates from a drop list in Certificate Tracking.
- Reports can be sorted by the chosen designation.

Set Up – Bonding Companies

- From this screen you can add, edit, and/or delete the name, address, and contact information for bonding companies.
- Bonding companies entered here are available to assign to certificate records on the project screens when a bond is required.
- Letters can be generated to these companies to verify the bond amount and request bond increases.

The screenshot shows the 'CERTITRAC+ By DataTracPlus, LLC' software interface. The top right corner displays 'Version: W11.3 04/2006'. On the left, a navigation menu includes 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main area is titled 'Bonding Companies' and features a 'Select Bonding Company' dropdown menu currently set to 'Matching'. Below this are input fields for 'Name', 'Address 1', 'Address 2', 'City', 'State', 'Zip', 'Contact', 'Phone', 'Fax', and 'Email'. At the bottom of the form are 'Add', 'Save', and 'Delete' buttons.

Set Up - Property

The screenshot displays the CertiTrac+ software interface. The top left corner shows the logo 'CertiTrac+ By DataTracPlus, LLC'. The top right corner indicates the version 'Version: W11.3 04/29/06'. On the left side, there is a vertical navigation menu with the following items: 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main content area is titled 'Properties' and features a 'Select Property' dropdown menu currently set to 'Matching'. Below this, there are several input fields for property details: 'Name', 'Address 1', 'Address 2', 'City', 'State', 'Zip', 'Contact', 'Phone', 'Fax', and 'Email'. At the bottom of the form, there are three buttons: 'Add', 'Save', and 'Delete'.

- From this screen you can add, edit, and/or delete Properties for which you track certificates.
- Properties entered here are available to associate with certificate records from a drop list.
- Here, you can also keep the name and address information for any property manager.
- You may send property managers emailed reports for each property.

Set Up – Project

- From this screen you can quickly add, edit, and/or delete Projects.
- Projects entered here are available to associate with contracts and Risk Profiles in Certificate Tracking.
- You can keep the name and address information for any project manager or supervisor here.
- Project managers can receive emailed copies of 3rd and 4th deficiency letters associated with their projects.
- You may also send project managers emailed reports sorted by project name.

The screenshot shows the CERTITRAC+ software interface. The top left corner displays the logo "CERTITRAC+ By DataTracPlus, LLC". The top right corner shows the version "Version: W11.3" and the date "04/20/06". On the left side, there is a vertical navigation menu with the following items: "Set Up", "Scan", "Certificate Tracking", "Communication", and "Reports". The main content area is titled "Projects" and "Select Project". It features a "Matching" dropdown menu, followed by input fields for "Project Number", "Name", "Address 1", "Address 2", "City", "State", "Zip", "Supervisor", "Phone", "Fax", and "Email". At the bottom of the form, there are three buttons: "Add", "Save", and "Delete".

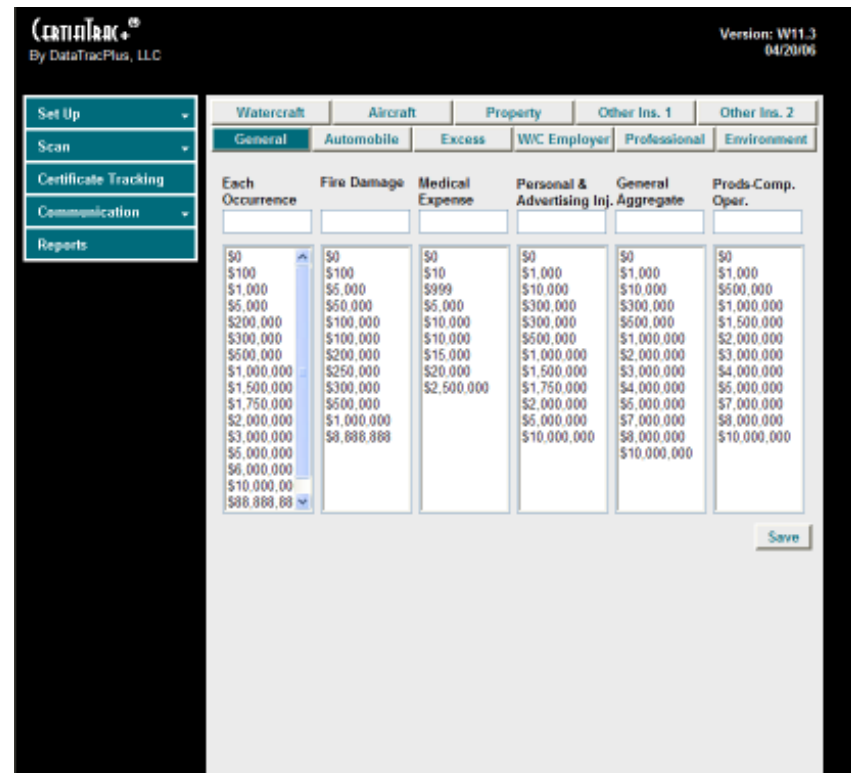

Set Up – Additional Insured

- On this screen you can easily add, edit, and/or delete the name of each additional insured that you might require on a certificate.
- These names are available from a drop list in the Certificate Tracking section of the software.
- All additional insured names or a subset of names will be used to display the Additional Insured requirement for a particular insured.
- Any names required for a certain insured but omitted from the certificate will be requested in the deficiency letter to that insured.

The screenshot shows the CertiTrac+ software interface. The top left corner displays the logo "CertiTrac+®" and "By DataTracPlus, LLC". The top right corner shows "Version: W11.3" and "04/20/06". On the left side, there is a vertical navigation menu with five items: "Set Up", "Scan", "Certificate Tracking", "Communication", and "Reports". The "Set Up" item is currently selected. The main content area is titled "Additional Insured" and "Select Additional Insured". It features a dropdown menu with "Matching" selected, a text input field for "Additional Insured", and three buttons: "Add", "Save", and "Delete".

Set Up – Combo Box Limits

- The **Combo Box Limits** screens allow adding, editing, and deleting of dollar amounts frequently used throughout the program. In order to populate the drop down boxes in Certificate Tracking, you must add dollar amounts for every insurance type.

The screenshot displays the CERTITRAC software interface. The top left corner shows the logo 'CERTITRAC' and 'By DataTracPlus, LLC'. The top right corner indicates 'Version: W11.3' and '04/20/06'. A navigation menu on the left includes 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main area is a table with columns for 'Watercraft', 'Aircraft', 'Property', 'Other Ins. 1', and 'Other Ins. 2'. The 'Property' column is further divided into 'General', 'Automobile', 'Excess', 'W/C Employer', 'Professional', and 'Environment'. The table lists various dollar amounts for different insurance types, with a 'Save' button at the bottom right.

	Watercraft	Aircraft	Property	Other Ins. 1	Other Ins. 2	
	General	Automobile	Excess	W/C Employer	Professional	Environment
Each Occurrence						
\$0	\$0	\$0	\$0	\$0	\$0	\$0
\$100	\$100	\$10	\$1,000	\$1,000	\$1,000	\$1,000
\$1,000	\$5,000	\$999	\$10,000	\$10,000	\$500,000	\$500,000
\$5,000	\$50,000	\$5,000	\$300,000	\$300,000	\$1,000,000	\$1,000,000
\$200,000	\$100,000	\$10,000	\$300,000	\$500,000	\$1,500,000	\$1,500,000
\$300,000	\$100,000	\$10,000	\$500,000	\$1,000,000	\$2,000,000	\$2,000,000
\$500,000	\$200,000	\$15,000	\$1,000,000	\$2,000,000	\$3,000,000	\$3,000,000
\$1,000,000	\$250,000	\$20,000	\$1,500,000	\$3,000,000	\$4,000,000	\$4,000,000
\$1,500,000	\$300,000	\$2,500,000	\$1,750,000	\$4,000,000	\$5,000,000	\$5,000,000
\$1,750,000	\$500,000		\$2,000,000	\$5,000,000	\$7,000,000	\$7,000,000
\$2,000,000	\$1,000,000		\$5,000,000	\$7,000,000	\$8,000,000	\$8,000,000
\$3,000,000	\$8,888,888		\$10,000,000	\$8,000,000	\$10,000,000	\$10,000,000
\$5,000,000				\$10,000,000		
\$6,000,000						
\$10,000,000						
\$88,888,888						

Certificate Tracking – Insured Entry

- Once you have everything set up in the program you can start to enter and track your certificates with a few clicks of your mouse.
- This is where all the information from the Insured's certificate is displayed. You can add, edit, or delete Insureds from this screen.
- There are fields for contact information as well as a notes section to record any additional information needed.
- Use the Letter button to send a custom letter to the selected insured. This letter can be saved and viewed from the Letter History screen.

The screenshot shows the 'CERTITrac' software interface, version 1.0.0, by DataTracPlus, LLC. The main window is titled 'Insured Entry' and contains a navigation menu on the left and a data entry form on the right. The navigation menu includes 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The data entry form has several sections: 'Matching' with 'Match ID' and 'Display' buttons; 'Insured Name' and 'Insured ID' fields; 'Date Activated' and 'Date Closed' fields; 'Department', 'Insured ID', 'Tax ID', 'Vendor', 'Customer', and 'Active' checkboxes; 'Contact' and 'Attn. Line' fields; 'Address' field; 'Phone' and 'Fax' fields; 'City', 'State', 'Zip', and 'Email' fields; and a 'Notes' text area. At the bottom of the form are buttons for 'Letter', 'Add', 'Save', and 'Delete'.

Certificate Tracking – Producer & Ins. Co.

The screenshot shows the CertiTrac software interface. At the top left is the logo 'CertiTrac® By DataTracPlus, LLC'. A navigation bar contains tabs: 'Insured Entry', 'Producer & Ins. Co.', 'Limits & Coverages', 'Cert. Compliance', and 'Risk Profiles'. Below this is a sub-navigation bar with 'Overview', 'Additional Insured', 'Departments', 'Letter History', and 'Cert. History'. A left sidebar has menu items: 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main area is titled 'Sample Insured' and has sub-tabs for 'Watercraft', 'Aircraft', 'Property', 'Other Ins. 1', and 'Other Ins. 2'. Underneath are tabs for 'General', 'Automobile', 'Excess', 'W/C Employer', 'Professional', and 'Environment'. The 'General' tab is active. It contains fields for 'Issue Date', 'Name', 'Address', 'City/State/Zip', 'Phone/Fax', and 'Contact'. There are two dropdown menus: 'Select Producer' and 'Select Ins. Co.'. Below these are two 'Assign Coverages' sections, each with a list of coverage types: General, Automobile, Excess, W/C Employer, Professional, Environmental, Watercraft, Aircraft, Property, Other Ins. 1, and Other Ins. 2. A 'Save' button is at the bottom right.

- This screen has fields for the certificate issue date, the producer, and the insurance companies.
- All the producers and insurance companies that you set up in the Maintain Producer and Maintain Insurance Companies can be accessed through the drop lists.

Certificate Tracking – Limits & Coverages

The screenshot displays the CertiTrac+ software interface. The top navigation bar includes tabs for 'Insured Entry', 'Producer & Ins. Co', 'Limits & Coverages', 'Cert. Compliance', and 'Risk Profiles'. Below this, a sub-navigation bar shows 'Overview', 'Additional Insured', 'Departments', 'Letter History', and 'Cert. History'. The main content area is titled 'Sample Insured' and features a tabbed interface with 'General' selected. The 'General' tab contains fields for 'Issue Date', 'Cancel Date', 'Eff. Date', 'Exp. Date', 'Policy Number', and 'Retro Date'. A list of coverages is shown with corresponding limit amounts in drop-down menus:

Coverage	Limit
<input type="checkbox"/> Commercial General Liability	Each Occurrence 50
<input type="checkbox"/> Claims Made	Fire Damage 50
<input type="checkbox"/> Occurrence	Medical Expense 50
<input type="checkbox"/> Per Project	Personal & Advertising Injury 50
<input type="checkbox"/> Owner's/Contractor's Prot.	General Aggregate 50
	Products-Completed Operations 50

At the bottom of the form, there is a checkbox labeled 'Keep Dates' and two buttons: 'Replace' and 'Save'.

- This is where insurance information on the certificate is entered.
- The copy dates feature automatically transfers the dates from the General Liability screen to other coverages.
- The Replace button will automatically advance the dates one year when you enter a renewal certificate.
- Check the Keep Dates box to replace a certificate without renewing it.
- Also notice that some of the more frequent dollar amounts are in drop lists.

Certificate Tracking - Compliance

- This screen allows you to note any basic compliance issues on the certificate.
- Space is included for monitoring three custom compliance issues.

The screenshot displays the CertiTrac software interface. The top navigation bar includes tabs for 'Insured Entry', 'Producer & Ins. Co.', 'Limits & Coverages', 'Cert. Compliance', and 'Risk Profiles'. Below this, a secondary bar shows 'Overview', 'Additional Insured', 'Departments', 'Letter History', and 'Cert. History'. The left sidebar contains a menu with 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main content area is titled 'Sample Insured' and features a teal header box stating: 'The Following Are Required On All Certificates. Box To Be Checked If NOT Provided.' Below this, a list of compliance items is shown with checkboxes: 'Certificate Received', '30 Day Notice Of Cancellation', 'Original And/Or Signed Certificate', 'Primary Insurance', 'Certificate Holder', and 'Stop Gap'. There are three empty text input fields below the 'Stop Gap' item. A 'Save' button is located at the bottom right of the form.

Certificate Tracking – Risk Profiles

The screenshot displays the CertiTrac software interface. At the top left, the logo 'CertiTrac' is visible with 'By DataTracPlus, LLC' underneath. A navigation bar at the top contains tabs for 'Insured Entry', 'Producer & Ins. Co', 'Limits & Coverages', 'Cert. Compliance', and 'Risk Profiles'. Below this, a secondary navigation bar has 'Overview', 'Additional Insured', 'Departments', 'Letter History', and 'Cert. History'. A left-hand menu includes 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main content area is titled 'Sample Insured' and features a sub-header 'Assign Risk Profiles'. It includes a 'Select Risk Profile' dropdown menu, an 'Active' checkbox, and fields for 'Activation', 'Issue Date', and 'Close Date'. Below these are buttons for 'Limits', 'Add. Ins.', 'Project', and 'Property'. There are also fields for 'Assigned Risk Profile', 'Department', 'Agreement Notes', and 'Agreement No.', along with 'Add', 'Save', and 'Delete' buttons at the bottom.

- Use the drop list to assign Risk Profiles to an insured from the Risk Profiles that you set up in the Maintain Risk Profile screen.
- This screen is where Insureds are marked as “Active.”
- Use the Buttons to assign Projects and Properties for each Risk Profile as required.
- Assign Endorsement requirements here.
- Enter any notes about the Agreement here.

Certificate Tracking - Overview

The screenshot displays the CertiTrac software interface. At the top left, the logo 'CertiTrac' is visible, along with the text 'By DataTrac Plus, LLC'. The main navigation bar includes tabs for 'Overview', 'Additional Insured', 'Departments', 'Letter History', and 'Cert. History'. A left-hand menu contains options for 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The central area shows the 'Overview' screen for a specific insured. It includes fields for 'Insured ID' (ABC123), 'Insured' (Sample Insured), and 'Second Name'. Below these are two columns: 'Insurance Types' and 'Compliance'. The 'Insurance Types' column lists various liability types such as General Liability, Automobile Liability, Excess Liability, Employer Liability, Professional Liability, Environmental Liability, Watercraft Liability, Aircraft Liability, Property, Other Insurance 1, and Other Insurance 2, each with a 'View' button. The 'Compliance' column lists requirements like Certificate Received, No 30-Day Cancellation Notice, No Orig. Signed Certificate, No Primary Insurance, Certificate Holder, No Stop Gap, and Wild Card, each with a checkbox. At the bottom, there are 'Override' checkboxes for each compliance item and a 'Save' button.

- On this screen you are able to see all the information about the certificate that was entered. Items that show up red are deficient, black are compliant.
- Click the “View” button to view details about deficiencies.
- Use the Overrides check boxes to excuse any given insured from a requirement.

Certificate Tracking – Additional Insured

The screenshot displays the CERTItrak software interface. At the top left, the logo 'CERTITRAC® By DataTracPlus, LLC' is visible. A navigation bar at the top contains tabs for 'Insured Entry', 'Producer & Ins. Co', 'Limits & Coverages', 'Cert. Compliance', and 'Risk Profiles'. Below this, a secondary navigation bar highlights 'Additional Insured' under the 'Insured Entry' tab, with other options like 'Overview', 'Departments', 'Letter History', and 'Cert. History'. A left-hand menu includes 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main content area is titled 'Sample Insured' and features a sub-header 'Additional Insureds On Certificate'. It is divided into two sections: 'Assigned Additional Insureds' on the left, which is currently empty, and 'Select Additional Insureds' on the right, which includes a dropdown menu. At the bottom right of the main area are 'Add' and 'Delete' buttons.

- Use this screen to note Additional Insureds received on the certificate. The program will compare Additional Insureds received with Additional Insured names required and generate deficiency letters if there are any problems.

Certificate Tracking - Departments

- Use this screen to associate your chosen designation -- departments, locations, sales offices, properties, etc.-- with each insured's record.
- Reports can be generated sorted by each designation.

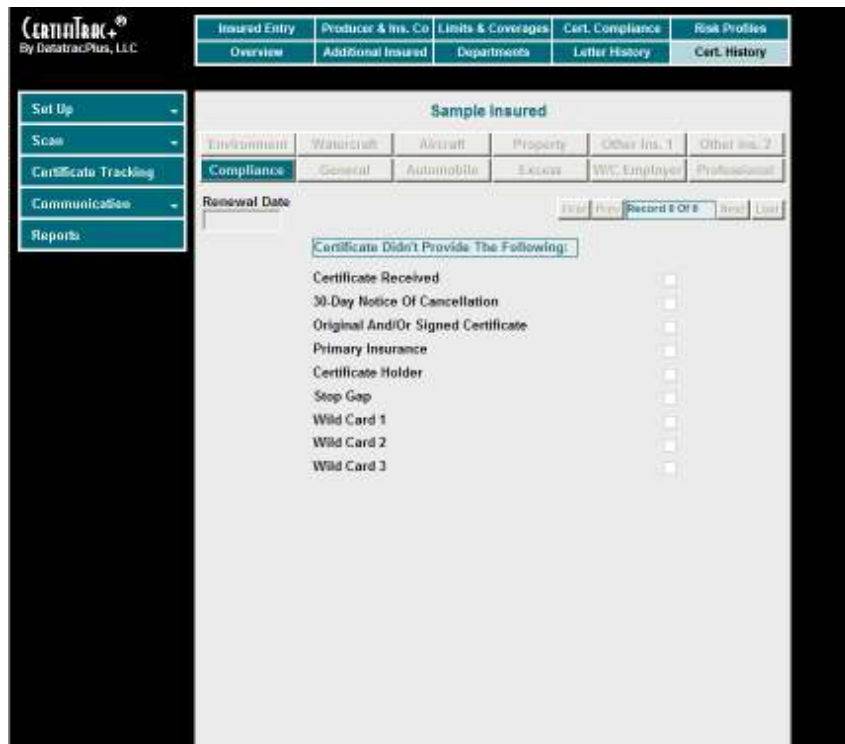

The screenshot displays the CERTItrak software interface. At the top left, the logo 'CERTItrak' is visible, with 'By DataTracPlus, LLC' underneath. A navigation bar at the top contains several tabs: 'Insured Entry', 'Producer & Ins. Co', 'Limits & Coverages', 'Cert. Compliance', and 'Risk Profiles'. Below this, a secondary navigation bar has tabs for 'Overview', 'Additional Insured', 'Departments', 'Letter History', and 'Cert. History'. On the left side, there is a vertical menu with options: 'Set Up', 'Scan', 'Certificate Tracking', 'Communication', and 'Reports'. The main content area is titled 'Sample Insured' and features a sub-section 'County Departments'. Under this, there is a section for 'Assigned Departments' which is currently empty. To the right of this section is a 'Select Department' dropdown menu. At the bottom right of the 'Assigned Departments' section, there are two buttons: 'Add' and 'Delete'.

Certificate Tracking – Letter History

The screenshot displays the CertiTrak+ software interface. The top navigation bar includes tabs for Insured Entry, Producer & Ins. Co, Limits & Coverages, Cert. Compliance, and Risk Profiles. Below this, a secondary bar shows Overview, Additional Insured, Departments, Letter History (selected), and Cert. History. The left sidebar contains a menu with options: Set Up, Scan, Certificate Tracking, Communication, and Reports. The main content area is titled "Sample Insured" and features a "Letter Date" field with "First", "Last", "Record 8 Of 8", "Next", and "Last" buttons. Below this are "Expiration/Cancellation" and "Compliance" sections, each with "Expire" and "Cancel" buttons. The "Expiration/Cancellation" section lists various liability types with checkboxes: General Liability, Automobile Liability, Excess Liability, Employer Liability, Professional Liability, Environmental Liability, Watercraft Liability, Aircraft Liability, Property, Other Insurance 1, and Other Insurance 2. The "Compliance" section lists: 30-Day Notice, Orig./Signed Cert., Primary Insurance, Certificate Holder, Stop Gap, Wild Card 1, Wild Card 2, and Wild Card 3. To the right, the "Letter Type" section includes a "Sent By" field and a list of deficiency types with checkboxes: Other Deficiencies, No Certificate, Improper Coverage, Insufficient Limits, Missing Information, AMBest Rating, and Additional Insured. At the bottom of the main content area are "View Letter", "Unmark", and "Emergency" buttons.

- A copy of all letters sent are automatically saved in the Insured's Letter History.
- This screen shows a summary of the problems discussed in each letter.
- Click the "View Letter" button to view a copy of the letter.
- You can unmark one or all letters generated in a given printing if you want to resend them for any reason from the "Unmark" button.
- If a problem should occur when generating letters, you can use the emergency button to return the data to the previous state before generating letters and reprocess.

Certificate Tracking – Cert. History

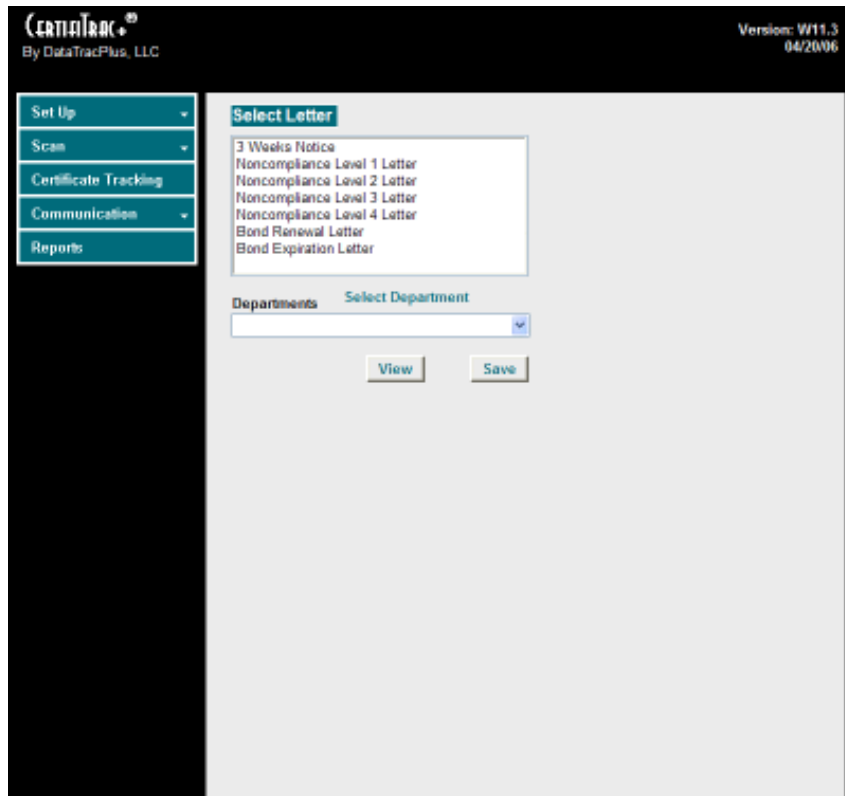

- CertifiTrac+® automatically creates a history of all the renewed or replaced certificates.
- View compliance problems and limits and coverage for each certificate that has been renewed or replaced.
- Select the certificate to view from the next/last buttons on the right of the screen.

Communication – Letter Design

- You can customize almost any part of the text in the Deficiency and Renewal Letters.
- Your company logo can automatically be inserted at the top of each letter.
- The software will automatically select paragraphs appropriate to each insured and include your customized text for that problem in the insured's deficiency letters.

The screenshot displays the CERTI TRAC software interface, version W11.3 dated 04/20/06. The interface is divided into a left sidebar and a main content area. The sidebar contains a navigation menu with the following items: Set Up, Scan, Certificate Tracking, Communication, and Reports. The main content area is titled 'CERTI TRAC By DataTracPlus, LLC' and features a tabbed interface with four tabs: Renewal Letter (selected), Deficiency Letters, Basic Compliance, and Bond Letter. The 'Renewal Letter' tab is active, showing a form with the following sections: 'Re:' with the text 'Request for Updated Insurance Information'; 'Body Of Letter:' with a large text area containing a template letter body that includes a placeholder for a certificate list and a list of requirements; 'Address:' with a text area for the recipient's address; 'Closing:' with a text area for the closing text; 'Signature:' with a text area for the sender's name; and 'Title:' with a text area for the sender's title. A 'Save' button is located at the bottom right of the form.

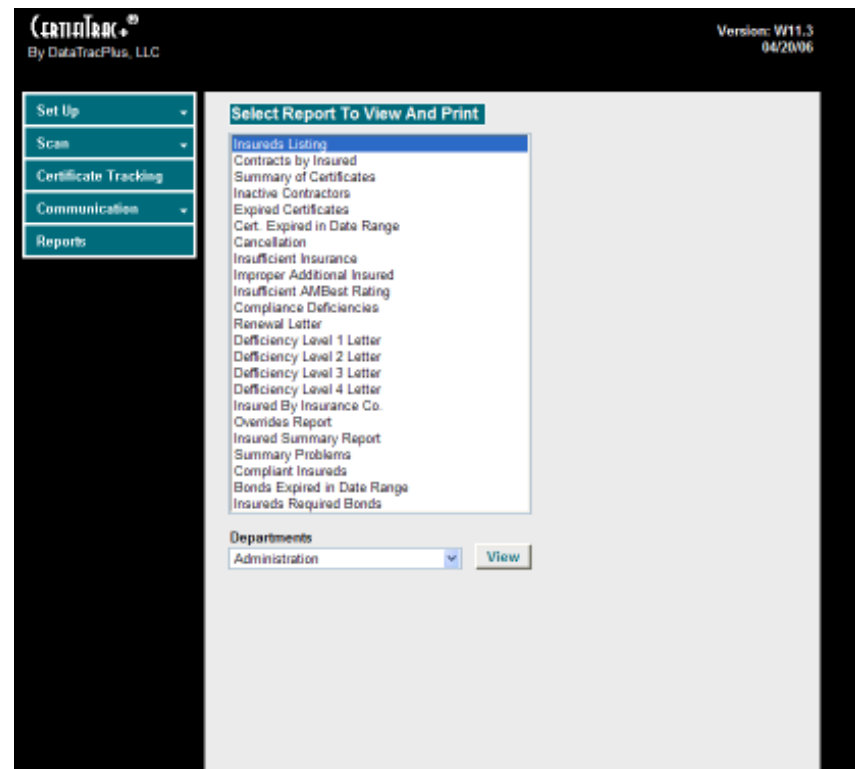

Communication – Generate Letters

- Once you have entered all your certificates and designed your letters, you are only a click away from generating renewal and deficiency letters.
- The program will automatically insert the appropriate paragraph for each deficiency it finds on any given insured's certificate.
- You may send letters by postal mail, email, or fax.
- You can generate letters by Department and view letters before sending.

Reports

- Reports are available with a click of the mouse. Reports can be viewed and/or printed.
- Reports are selected by Department.
- Reports always reflect the latest data entered into the database.
- Many reports are sorted by deficiency type. In addition, some reports focus on a particular insured.
